An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mark Siren on 10/18/2004.

In line 19, of page 4, delete "shown supporting an unlit firelog" and insert - shown supporting a phantom outline of an unlit firelog -. In line 20, of page 4, delete "shown supporting an unlit firelog" and insert - shown supporting a phantom outline of an unlit firelog -.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: The firelog tray supports the firelog and collects the ashes and has a curved base that allows the ash to be funneled into a trash can which defines it over the prior art in which the ash collector is meant to be in addition to a fireplace grate and does not have the curved base feature that allows the ashes to be dumped into a trash can.
